About me

Favorite memory as a child ... coming home one day to find a shoebox covered in colorful construction paper with crayons, glitter, an array of markers, and much more! My Mom was the greatest influence encouraging my creativity when I was a little bulb! Aesthetics is essential to my everyday life. I live and breathe to create a look, an ambiance, a message to influence others. To communicate an event resulting in a thought bubble of "hmm, what is this about" is fuel to my creative passion.

CHALLENGE: How can I continue to evolve as a creative designer; what can I do to motivate and impact an audience?
ANSWER: To tell a story and navigate the audience through visual communication = *Influence!*
